WHAT'S
NEW

INSPIRED BY THE COSMIC UNIVERSE

Minia materializes the need for humans to move and expand limits. Break barriers, embrace uniqueness, and explore your world. Ride fearlessly, bond with your kids, and prepare to be an active part of Minia's sustainable concept by giving the packaging a second life: a house for your pet.

FOLDABLE DESIGN

FULLY OPTIMIZED
PACKAGING

KOARI

THE NEW REAR CHILD SEAT, DESIGNED
WITH CONVENIENCE IN MIND

Koari child seat boasts 4 different mounting systems from which we highlight the MIK-HD: a secure and easy-to-use system with no effort. This seat also features a surrounding and enveloping concept design that provides exceptional comfort and support for young riders.

CHILDREN'S HELMETS

TO MATCH THE CHILD'S UNIQUE STYLE

Stylish and protective kid's helmets with easy lock system, adjustable harness, washable paddings, and bugs' net. Choose from 6 new cute graphics for exciting adventures!

CITY-MOVE

IDEAL FOR THE COMMUTING DAYS

A simple and casual design that offers extra comfort and extended coverage. Available in 3 urban colors.

E'CITY

SPEED PEDELEC HELMET- COMPLIES WITH NTA 8776

The E'City helmet, is meticulously crafted to meet safety and tech requirements, including compliance with NTA Standard 8776, offering both style and advanced safety features for daily commuters.

CHILD SEATS

Polisport safety seats are recognized with the European Quality Trade Mark label

EQTM recognition was issued by the European Organization for Quality, which is one of the most reputable quality organizations in Europe.

The process of obtaining EQTM was professionally managed and controlled by an EQTM Committee, and enhanced the quality standards behind Polisport child seats.

EQTM could be obtained only for products of European origin, in the market over 3 years, and manufactured by companies that are able to continually sustain the agreed quality.

**AHEAD ADAPTER+
FOR BIKES WITH 1"1/8 AHEADSET STEMS**

AHEAD ADAPTER

ALLOWS POLISPORT MINI SEATS TO BE
INSTALLED ON BIKES WITH 1"1/8 AHEADSET
STEMS

Making the world of child seats a little more accessible to everyone, and reaching the most compatibility possible between bicycle manufacturers and Polisport front seats, we have developed this Ahead Adapter - sturdy slim bracket that allow you to mount your Polisport seat to bikes with threadless stems. The Ahead Adapter is designed to accommodate adjustable stems, e-bikes with a monitor or controller at the top of the stem, and MTB with 1 1/8" stems. The required installation space is only 5mm.

POLISPORT TRAILER

STROLLING OR BIKING WITH KIDS OR CARGO

FOR STROLLING

Easily convert your Trailer into a Stroller by just adding the Stroller Kit or if you are not interested in combining strolling and biking, you can purchase only the Stroller version. The stroller features a soft-touch handlebar adjustable in 4 positions, making your tour even more pleasant.

FOR BIKING

Just connect the trailer to your bicycle, get your kids and small cargo settled and you are ready to go. You can also use the Polisport Trailer to transport larger loads. Just fold up the seat, and take advantage of the full load cargo capacity (25kg).

1 OR 2 KIDS, OR CARGO

CARGO:

Maximum load capacity 25kg.

KIDS + CARGO:

Maximum load capacity 41 kg.

ADJUSTABLE HANDLEBAR
in 4 positions

PARKING BRAKE

FOLDABLE DESIGN

Great for storage and transport purposes. Easily folded and unfolded without any tools.

POLISPORT TRAILER

FOR STROLLING OR BIKING WITH KIDS OR CARGO.

Polisport Trailer gives your family all the reasons to go out and safely cruise together. You can take one or two kids on the cockpit, plus a small cargo on the back trunk of your trailer. You can easily convert your Trailer or Stroller to transport cargo just by folding the seat down.

SAFETY

8 high visible reflectors spread on front, rear and on sides. Reflective stripes on the sides and in the rear of the trailer. Safety flag included. 5-point retention system. Parking brake. Top screen for a better children & cargo control. Safety wrist strap.

COMFORT

Small inside pockets for carrying out what you need. Foldable design for storage purposes. Easy to fold and unfold without using any tools. Removable wheels in a breeze due to its quick-release system. Incorporated suspension to make the ride smoother. Adjustable soft touch handlebar in 4 positions. Ergonomic design for helmet use, which is mandatory. Large side screens providing a good experience for the child. See-through mesh for optimal ventilation and protection against insects. See-through rain cover for optimal protection on rainy days. Elastic strap to store front cover layers when not in use. Waterproof.

OTHER FEATURES

Aluminium and steel frame. Compatible with 9mm QR rear bicycle wheels or solid axles up to 10mm. Easily convertible into a cargo version by folding up the seat. Rubber floor for easy cleaning. Advised Speed: 16Km/h / 10MPH. Maximum Speed: 25Km/h / 15MPH. Excellent stability - e-bike compatible.

STANDARDS

In conformity with EN 15918 and EN 1888

BALANCE BIKE

EXPLORING THE WORLD IN A HEALTHY AND HAPPY WAY

Polisport Balance Bike is a training bicycle that helps little kids learn how to steer and balance. It allows children to build the confidence they will need once they are ready for a more traditional bicycle with pedals - no training wheels required! Children are seated so that their little legs can reach the ground comfortably. A built-in steering limiter also allows children to maintain control of how much they turn. Comfortable hand rubber grips, an ergonomically designed seat, and shock absorbing wheels give little riders extra comfort and confidence to initiate their rides. Polisport Balance Bike features an adjustable seat that grows with the child.

- This item is considered a toy.
- Not to be used on public roads.
- It must always be used under parental supervision.

OFF-ROAD BALANCE BIKE

The Polisport Balance Bike, resembling a mini motorbike, is a training bicycle that helps young kids learn steering and balance. No training wheels are needed for this confidence-building ride! A comfortable seat, steering limiter, and shock-absorbing wheels provide extra comfort and confidence for little riders. The adjustable seat and handlebar grow with the child.

SAFETY NEVER LOOKED SO GOOD

This in-mold helmet is the perfect choice if you are looking for a high-end helmet for your kids. This helmet features an in-mold construction and an expanded protective area to increase safety and durability. It has an adjustable dial retention system that perfectly adapts to the head. The straps are soft and lock in a 2-point safety harness, ensuring an optimal fit. If you are looking for a solution to increase your kid's visibility on the road you can now opt for the new models with LED light. The helmet is light and vented and for that reason, it won't be a problem for your kid to use it. The bug net in the front will keep the head protected. The matte finish of the model makes it even fancier.

E' CITY

THE SPEED PEDELEC HELMET

E'City helmet was developed to meet the specificities of NTA 8776, and its shape was designed to match your daily outfit. The speed E-Bike helmet looks like a normal bike helmet. Still, the main differences are the greater protection area for the head and temple and the absorption capacity of a higher impact.

The E'city model combines a simple, casual design and enough air channels to ensure good ventilation. The visor will ensure adequate sunshade during commuting. With an easy-to-adjust retention system, adjustable straps, and a side lock, the E'city includes a set of thermoformed inner pads that will help absorb perspiration.

CITY'GO

THE VERSATILE CITY HELMET

Polisport City'GO helmet is one of the most versatile helmets in the range.

Cyclists share the road with cars, and the first step to staying safe is to be seen, thus avoiding accidents.

We added a **rear LED light** that is quickly attached to the rear vent. With the steady flash mode, the cyclist can quickly select the preferred mode.

With one touch the rear light can be quickly removed to add more air ventilation.

With an easily adjustable dial retention system, the fitting was made easier, increasing the rider's comfort. You can also choose to use the CITY'GO with or without the visor.

URBAN PRO

MULTI-PURPOSE SKATE-STYLE HELMET SUITABLE FOR BICYCLE, BMX, SKATE OR INLINE

The Urban Pro is an urban cycling helmet that not only looks cool as a hard shell helmet, but it is particularly suitable for any riding style.

Made with low weight and multi-purpose use in mind, this model is suitable for commuting or to use in an extreme riding style – from a BMX rider to a longboard fan.

Its matte black neutral colour will totally fit the urban city style, match your daily outfit, and your adventures in your favorite spots.

Due to the injected construction process, Urban Pro features a proofed extra durability when compared to a standard helmet.

Its low-profile shape is distinct yet minimal and assures maximum protection for the user.

Its adjustable retention system ensures the greatest possible comfort. Urban Pro also features a hear lock divisor, a soft touch strap, and closure that won't pinch the skin of your chin.

CITY / URBAN / EXTREME

M - 55-58 cm / 21,65 to 22,83"
L - 59 -61 cm / 23,23 to 24,02"

CORK BIO

THE NEW THERMAL BOTTLE MADE FROM CORK

Cork Bio thermal bottle is made from cork, a raw material that is 100% natural, ecological, biodegradable, and renewable.

The result is a reduced CO₂ footprint, increased lightness, optimal thermal properties, and great grip performance. In the interior there's foam with an aluminium membrane to prevent the temperature of the water changing during a period of time. There's a soft tip so you can control the water flow and also a hygienic tip cover.

SUGAR CANE

THE NEW SPORT BOTTLE MADE FROM SUGARCANE

Sugar Cane bottle is made from sugarcane, a raw material that is 100% renewable and recyclable. This model is available in two different capacities – 550ml and 750ml. As a renewable raw material, sugarcane captures and fixes CO₂ from the atmosphere at each annual growth cycle. Besides these ecological features, this bottle offers an excellent squeeze performance and a new improved tip design for a better water flow.
